DESCENDENTS OF JAMES KIDWELL

This small manuscript has been compiled to trace the Kidwells who came into the Colonies at a very early time and now have branches in every state as well as Canada and other countries.

Records have been found from 1670 Nancemond Co. Va 1674 Wright Co. Va. 1739 Rockingham Co. Va. 1739 Charles Co. Maryland and Augusta Co. Va. 1745-1800.

It is hoped that this manuscript will help people trace their familes through this book or others that I plan to write later.

Jonathan Kidwell

* * * *

On September 20 1750,in Charles County Maryland,John Kidwell and Sarah (Sary) Calcough had a son whom they named Jonathan.

Jonathan grew into manhood in Charles County.It is believed to be on a tobacco farm called the "Were" near Bryantown Maryland.He had brothers and sisters but at this time we have no proof of who they were,it is believed that they were the Kidwells who went into Tennessee later after being in North Carolina.

On December 20 1770,Jonathan married his first cousin Rebeckah Kidwell, born February 28,1748 in Charles County Maryland,the daughter of Thomas Kidwell and Mary (Sutter),according to Nelle Deborah (Kidwell) Haynes,her brothers and sisters were:John who died in Madison County Kentucky in 1835,Matthew,who was in the Revolutionary War and married Priscilla White of Charles County Maryland and settled in what was later to become Monroe County Kentucky. and Mary,there is a belief that there were more children.

Jonathan and most of his people left Charles County in 1776 and went into Rowan County North Carolina.It is believed that they stayed in Fairfax County Virginia for a short time,they were in Rowan County by 1777 and stayed until 1782,paid their last tax in 1781.It is believed that they stayed in what was to become the state of Tennessee,and then came into Lincoln County Virginia,which became Madison County Kentucky on June 1,1792,reaching here in 1783-84,they settled near where Valley-View Kentucky is located on Tates Creek.

While in North Carolina in 1779,Jonathan enlisted in the army and served in place of another man,reenlisted as a private and served a second enlistment (record is elswhere in book)

Jonathan is on the tax records in Madison County Virginia for 1787 (tax records are elswhere in book)

In 1800 he was a Methodist Clergyman and married quite a few couples in Madison County Ketucky,he was assigned to Salt River District,but the Church records are lost,-"Methodist in Kentucky" by Redford has one article on him.

In 1828 Jonathan and Rebeckah left Madison Co. Kentucky and went into Henry County Kentucky,then in 1833 he was given his Revolutionary War pension.And two men swore that he was the only Clergyman in that district of Henry County.

Jonathan died February 15,1835 and is believed to have been buried near Sulphur,Kentucky,he was 85 years old,and May 27,1836,his wife,Rebeckah followed him in death at the age of eighty-eight .She is also buried in Henry County, Kentucky.

His descendents are now scattered from the Atlantic to the Pacific.

James Kidwell—Anna Mary Thomas

This is the first of my line of Kidwell's that I have been able to find,James Kidwell was born 1670-75,some say in Wales or in England,some think that he was the son of John and Jane Kidwellah who came to America on the ship "Nevis"-1650-60,but little is known of this man except that we believe that he is the John Kidwell that was on the estate of Thomas Woodward on October 10, 1670 and on the estate of Col John Blake,September 24,1674.He died in 1725 in Stafford County Virginia and is buried close to the graves of George Washington's parents.No land records or any other records have been found as of this date.Have also been unable to find any records of who his wife was or when they were married.

The will of James Kidwell was dated September 28,1740 and was probated October 11,1742 (AC 4-1542).These were all of the children that were named and I believe all that were living at that time.

Executrix : Wife, Anna

Land records of Charles County Maryland

Deed (S3-274)from Anna Mary Kidwell of Charles County Maryland and James Kidwell Sr. of Prince Georges County Maryland, (adjacent to Charles County),to John Thomas Sr.,part of "Ware" containing 50 1/4 acres; excepting 1/2 acre for a burying ground.Although from James will (AC 4-152) in 1740 would seem to place ths Anna as his wife,our present knowledge does not identify James Kidwell Sr.who signed this deed,He was living in a different county than Anna Mary

Deed (Z2-32) dated March 11,1744,from Elizabeth Thomas, James Thomas, William Thomas and Anna Mary Kidwell,to Capt John Thomas,conveying part of "Ware".This was apparently a division of inherited property in the Thomas family for each of the inheritors received property in exchange;Anna Mary received property of 86 acres,part of "Were", a branch called "Devils Nest" near a white marsh.Most probably Anna Mary Kidwell's parents were named Thomas.

Deed (S3-276)June 9,1792 and recorded June 27,1792,from John Kidwell Sr.of Charles County Maryland,planter,to John Thomas Sr. of Charles County Maryland conveying 70 acres more or less near "Head of Devils Nest branch" near a "Bowling Green",the land of John Thomas.At the end of that deed as was usual during that period we find the following notation "then came Sarah Kidwell the wife of the within named John Kidwell,and voluntarily released her claim of dower in the property.

* This James Kidwell Sr. in deed (S3-274)at this time nothing is known of this man or where he came from,nor his parents names. I found one record of a James Kidwell that could be this man.

John Colcough was the first of this family in Stafford County Virginia. He patented 200 acres in Stafford County November 10,1665, On S.W. side of Quantico Creek with back line of Richard Heabard (C.P. 544) He is said to be a brother of Major George Calcough of Northumberland County Virginia (38 V 234) George Colcough, son of Sir Ceaser Colcough of Staffordshire England, died in Virginia according to "Visitations of Staffordshire" 1664-1700. (Tyler II, eleven, page 40). In 1654 John Colcough was the master or owner of a vessel which traded regularly with Virginia. (18 V 47-48) In Jan. 1654-1655.

Thomas Colcough, one of the owners of a ship "Charles" petitioned the council to grant a commission to the master of that vessel, which for divers years past had traded in Virginia to surprise such vessels as he found trading there contrary to the act of Parliament 1650. (do. page 49-50)

Mrs. Martha W. Hiden says (58 V 234) before the County Court in Northumberland in 1657, Ursula, then the wife of Major George Colcough and widow of (2) Colonel John Mottrom and of (1) Mr. Richard Thompson, deposed as follows: All the money I had when I married was 158 pds.-2S-8d which my brother John paid my Thomas Colcough's man for my husband's use, (Virginia Colonial abstracts-19-page-25). From the fact that Major Colcough had a brother Thomas it is likely that he is the same person who was part owner of the ship "Charles",It is also likely that John Colcough was part owner of other vessels in the Virginia trade.

John Colcough and Jasper Bennett of Stafford, in January 1677, deeded land in Stafford to Samuel Hayward. (Rec. 1680, folio 26 number 25)

The date of John Colcough's death is not known, owing to the loss of records it is difficult to obtain correct data on this family.

His children appear to be: John II, whose inventory was filed in Stafford in 1702 (this however could be the inventory of John I.

Hannah Colcough,evidently a widow, made her will November 10, 1700; same probated 1701 (W.B. 1699-1709—56).She was possibly the widow of the above John II. She mentions her son (1) Charles Colcough and her daughter (2) Ann Colcough. (no other children are named). She bequeaths legacies to her brother Arthur Chapmamn, to her Cousins (nephews) Arthur and Thomas Walker, and her brother, Benjamin Colcough.

Thomas Walker, son of Thomas Walker, bought land in 1715 from David Barrick of Richmond County Virginia (D.B. 7-74, 76)

"People of the Valley"

"Coon Dog"

* * * *

While down at the Camp one time,Joe Kelly and Sherman Kidwell decided to go hunting,Joe had a couple of dogs that were fairly good hunters and Sherman had a couple of dogs that were fair.One o Joe's dogs was named "Ole Joe" and one of Sherman's dogs was named "Old Queenie".All of these dogs were fair dogs,but nothing extra.

But Sherman had one dog that he had just bought for one hundred and fifty dollars.He had sent to Tennessee for this dog and all that he could talk about was this dog that he had just bought.

Joe and Sherman went to the top of the hill above Oregon Kentucky,to a place where there were plenty of Coons and turned the dogs loose,so all of the dogs took off hunting,and the dog of which Sherman was so proud just walked along beside them.Sherman could not take this so he grabbed the dog and gave him a good thrashing and when he turned the dog loose it headed into the woods running.

The other dogs were having no luck in getting a Coon up to run,and after Sherman's dog had been gone for about half an hour,Sherman's started and he was coming their way bringing the Coon.Sherman was really bragging now and they headed for the place where they thought the Coon would tree and when they reached the open field,they realized that the dog was coming on through the field.

Joe took the 5 cell flashlight and shone it across the field and then they saw it,the dog was coming across the field with his tail between his legs and just behind him was a cow with her horns to the ground and gaining every second.

Joe fell to the ground,laughing and crying at the same time and when he got so that he could talk he said,"The dog was looking over his shoulder and saying Don't—Don't—Don't.

My brother,Sherman could never stand for Joe to tell this story in later life,and of course Joe never did forget that night.

"Chew but don't Spit"

While Robert Kidwell,my brother and I were staying with Uncle Lucian Kidwell in Trimble Co. Kentucky at Pleasant Ridge.

We dicided to try a chew of tobacco and found some long green and slipped behind the barn to take a chew,thinking that way we would not get caught.

We were sitting there and talking about a buggy that was in the barn yard and really enjoying the chew,when uncle Lucian came around the other end of of the barn and caught us before we could get rid of the tobacco.We tried to hide the tobacco in our mouth,but he knew it was there and just stood there smiling.And finally he said "Boys I know you have a chew of tobacco in your mouth and really I don't mind you chewing,go ahead and enjoy yourself and chew all you want, but just remember one thing,the first one that spits I am going to beat half-to-death".

Knowing our uncle Lucian like we did,there was no way that I was going to spit first,so when the juice formed in my mouth I swallowed it.

Finally he did let us spit the tobacco out but by that time he had two very sick little boys on his hands.We both went to bed that night without eating and to this day I haven't been able to chew tobacco.

"Spilled Milk"

* * * *

One day my uncle Lucian sent me to the Duncan's for milk as his cow had gone dry to calf.

It was always a pleasure to ride the old horse Norman to their place which was just around the bend about one quarter mile from our place,and it made me feel "grown up",all boys feel this way in their early boyhood days.

This day I had to go to the house and wait until they got the milk and poured it into the gallon pail which I had brought with me,she put a bit too much milk in the pail but managed to get the top on and told me to be careful going home.

They then helped me on the horse and I started back home and like all boys of that age I soon forgot the "be carefull" words,I was looking off into the woods trying to spot a squirrel,having thoughts of pleasure and not watching where the horse was going and I didn't notice that the wind had come up and was blowing much harder than when I had first gone by. A piece of paper blew up in front of the horse hitting him in the face and the next thing I knew the horse was straight up in the air and I lost my balance and was trying to hang on,I may have made it but the pail of milk came down and hit the horse in the side then the top of the pail came off with a bang and that was all the horse needed,he was getting out of there fast and I was lying on the ground with buttermilk and mud all over me.

I went down the road crying and thinking of the whipping that I would get, when I walked up to the barn the horse was there and my brother and uncle Lucian were there.When they made sure I was alright they ask me why I was crying and I had to tell them that I was afraid of getting a whipping and they laughed at me.

My brother has laughed for the last forty years about how I looked with the tears,buttermilk and dirt on my face.

"Horse-Trader"

* * * *

My uncle Lucian Kidwell was great horse trader and while we were living with him he was always bringing a new horse home or taking one away.

One day he traded for a beautiful mare,she was a dapple grey and was very nice to look at.There was one fault that she had,you could not keep her any place on the farm.She would find a way out of every field that you put her in,and she could open any gate.

My brother Robert thought her to be the smartest horse he had ever seen but uncle Lucian thought the other way.

After trying to keep her on the farm my uncle decided she had to go and passed the word that she was for sale but every one in the country knew the story and would not have her.

Finally a horse trader came by and someone told him about the mare being for sale and he came to the farm to see her.

He thought she was a beauty and he and uncle lucian were talking trade with Uncle Lucian trying to get all he could out of the mare, and the trader trying to get her as cheap as possible.

Uncle Lucian had come to the house to pick up something and Robert and myself begged him to let us go and hear him sell the mare.

Finally,after jawing about two hours they were making their final offers.My brother was getting more excited by the minute and thinking he was helping uncle out jumped up and said "Mr. that is the smartest horse you ever saw,she can get out of every field and open every gate on this place".You could have heard a pin drop.The man climbed on his horse and said"you couldn't give me that horse.Then rode off down the lane.

My uncle threw a fit and told my brother never to come around when he was trying to trade again.

This happened in Trimble County on Pleasant Ridge when we were very small children.

Home Brew

* * * *

When Prohibition came in the United States,Wesley Kidwell was a young man and one who liked his beer.One night Wesley and some of his friends wanted a brew and went to a home brew joint in Lexington Kentucky.

While sitting there and having a few beers,in fact more than a few they were getting a little high when one of the lookouts came running in and yelled that the law was making a raid.

In about a minute the place was in an uproar and people were trying to get out of every window and door.

Wesley Kidwell,not wanting to get caught ran for the back door and just before the police reached the back of the building he cleared the door and was running as fast as possible through the back yard when he hit a clothes line that was stretched across the yard,it caught him under the chin and his feet went up in the air and when he hit the ground in a weed patch he was out cold.

The police got every one that was there except Wesley,they overlooked him in the weeds.When he came to,he didn't know where he was,he just stood there until he got his bearings then headed on across the lot and went on home.But for about a week he had to stay home in bed-his neck was swollen so bad he couldn't eat anything except soup.

"Chicken Roost"

* * * *

One Spring While my father,Wesley Thomas Kidwell and his family were living in Jessemine County Kentucky,he bought about a hundred chicks and all that year the family raised them,the chickens had grown and were getting fat as the wheat field next to the house was full of wheat that had not been cut that Spring.

One night my father awoke on hearing the chickens squawking and grabbed his shotgun and ran for the window so that he could see who was trying to steal the chickens and maybe get a shot at them.

While he was still standing there and the chickens were still squawking and he was waiting for them to come out.My mother and my brothers,Charlie and Sherman got out of bed to see what was going on. They slipped into the kitchen and my mother touched my father on the back.When she did it scared my dad so bad that he pulled the triggers on both barrells of the gun,it went off and blew the window completely out.

He was so mad he made all of them go back to bed and wouldn't let them talk about it for a long while.

All of the trouble was caused by the chickens getting so fat that the roost would not hold them.....it had broken....

This story was told me by Charlie Kidwell in 1979

Your kind letter has been duely received which found me in good health with the blessing in general, I was quite pleased when I got it here, but after taking medicine & resting I began to mend, & up to this time the climate agrees with me finely, I write my home at Brother Peters, but I visit among the neighbors a good deal all of which is very kind to me, they all use their power to make me happy, except my Baptist principles, they torment me about sometimes, but I care little about that, the Campbellites are taking this country, & you know I would rather that it were Baptist, as a specimen I will give you an instance, the South Methodist had their camp meeting, they obtained 6 the North Methodist had their Camp Meeting they got 8 the Presbyterians had their camp meeting they got 8 the Presbyterians had their Camp Meeting they got 2 the Baptist had their days meeting they got 4 all in about the furthest not more than ten miles from us (34 in all) the Campbellites had 2 meetings the 1st 4 days 18 additions 1 from the Baptist from the Methodist at the 2d Meeting 2 nights & one day 7 additions 1 from the Baptist (That the 2 meetings) Their preacher a very plain self made man in 2 months has baptized over 100 persons, thus you see how things are going on Grand river is the health of the country it is a very fine place I ever lived in, Oats were late, wheat good, corn good but badly hurt by the frost we have had 3 frosts in succession that has hurt our corn badly, there is plenty of old corn for bread or I do not know what the people would do.

To the Honourable Representatives of the Citizens of the Common-Wealth of Virginia in General Assembly met,

The Petition of the Inhabitants of Lincoln County

humbly Sheweth

That your Petitioners beg leave to present their following Request to your Honble House, confiding in your Wisdom [illegible] Encouragement of [illegible] ...

That your Petitioners taking into their serious Consideration of a proper Place for Trade and [illegible] Business and for the more ready [illegible] those Articles in our [illegible] that are much wanted in this new Country Are of Opinion that the Survey of Six hundred and [illegible] Acres of Land which your Honble House formerly reserved for the Use of the Garrison Town of Harrodsburgh is the most convenient and suitable in the County. It not only being commodious to any convenient [illegible] of the County but also central to the present Inhabitants of the same And we can assure your Honble House not only its relative but its natural Situation & Conveniences are almost in every Respect suitable for [illegible] Trade the Premises being sufficiently level very fertile and well watered by many never failing Springs and a large Stream running quite through the same from which Circumstances We are of Opinion that no Survey of the [illegible] can exceed in [illegible].

And we would further beg leave to present to your Honble House an exact Plot of the Premises with the Plan of a Town adapted to the same. Praying that your Honble House would take the Whole into Consideration & pass an Act for Conveying the same to Freeholders and other Citizens in a Manner most agreeable to your Wisdom and Determination ...

This morning I went to pick up my grandchild at the Kelley's her grand parents on her father's side. John James Kelley, who had been in a wreck the Friday night before and had crushed his shoulder and is wearing a cast which Trinity James thinks is awful.

We came by and picked up some groceries and got some gas before coming home.Which she thought was wonderful.

It is snowing outside and the weather is bad with our first snow of the year,it started last night with mostly flurries and it is still snowing. Yards are covered but the streets are still clear except the over passes and there has been quite a few wrecks.

I came home and took a picture of Trinity at her typewriter as she was typing her name. She is four years old now.

Millie, my wife, is watching television and Trinity has taken the flashlight and is looking at every thing in the room, Whoops: her grandma just caught her with the flashlight and made Trinity bring it back to her and then gave her a piece of candy,and now she is running from one room to the other,teasing her grandma and showing her all of the typing that she has done.

She is a very smart child but headstrong and has very much a mind of her own and wants to do everything for herself and wants to help with everything that is happening.

But she is a pleasure to have around and makes the old house come alive when she is here...

I haven't seen my grandson since Mert Kelley died and I found Sandy and him in Richmond Ky. Now I do not know where he is.??

Good Shooting

When Charlie Kidwell was a young boy he loved to shoot guns,but his father would not let him have a gun and would keep his gun hid and the shells in a box on a high shelf in the bedroom.

One day his father and mother went to town to get some things for the house and the minute they pulled away from the house, Charlie and his brother deceided to get the gun and do some shooting so they climbed up and got the shells from the shelf and got the gun down in the closet and went into the yard to set the target up, they set the target up against the hen house and went back to the fence to do their shooting.

Charlie being the oldest, decided that he would shoot first, he loaded the 30-06 and laid it down on the fence and aimed real good and at the crack of the rifle he hit the target in the middle and the hens started squawking and the boys ran up to see how good the shot had hit the target.

They were standing there talking when Sherman looked into the chicken house and then he told Charlie to take a look,he did and he almost died at what he saw, the bullet had gone through the target,into the hen house and through all of the nest and out the back of the house and on the way it killed all of the hens that were sitting on eggs to hatch and all of the hens that were on the nest to lay.

This was told to me by Charlie Kidwell in 1979.

One day while Robert and I were staying with our uncle lucian Kidwell in Trimble County, Kentucky. Being boys we decided to climb up into the barn and get some birds that were making a lot of noise. We talked it over and decided that Bob would do the climbing as he was a better climber than I was.

So up into the barn he went and I was going to stand at the bottom and catch the birds as he dropped them.

When Bob reached the top of the barn he reached his hand into the nest to get the birds and when he pulled his hand out he had a Blacksnake coiled around it.

Now talk about trying to come out of the barn and get the snake off his hand at the same time he made record time, he fell halfway and got the snake off also. From that day on I couldn't get Bob to go back into the barn to get any birds.

The Reverend Jonathan Ridwell produced the Credentials of his Ordination and also of his being in regular Communication with Methodist church And Took the oath of Fidelity to this Commonwealth whereupon he entered into and Acknowledged bond &c. as required by law and he is hereby Authorized to Celebrate the rights of Matrimony agreeable to the forms and Customs of said Church between any person to him regularly applying therefor within this State

Know all men by these presents that I Jonathan Kidwell do on this day make this my last will and testament setting aside all former wills, and I now declare them all null and void.being in posession of all my mental facilities but being feeble in body.

I will unto my son, Samuel Kidwell a note which I hold on him with the interest,the note is for $24 and this is all he is to have of my estate or his heirs.

I will unto my son,John A. Kidwell a note I hold on him with its interest the note is for $23 also and account I have against him and this is all I wish him or his heirs to have of my estate.

I wish my son,Thomas P. Kidwell to take care of me as long as I live or cause the same to be done. I therefor appoint him my agent to wind up my business and make him reasonably paid for the same and for taking care of me out of my estate, and after the above is paid if there is enough for 1/3 to amount to $40 I want my daughter Drucilla Perkins to have a side saddle and feather bed and $10 in money,the bed and saddle are now in her posession, the bed and saddle were not accounted for in our previous settlement and the $10 to be paid out of my estate after it is wound up and this is all of my estate I owned.I will unto my sons Vincent and Thomas P. $40 each to make them equal with my daughter Drucilla. I further will to my son Thomas P. Kidwell the 2/3 of the balance of my estate and my son Vincent Kidwell the other 1/3.

X B I want it further understood if any of the heirs do not stand to the distribution I have made of my estate and cause a lawsuit I cut them out of all except $1 which is to be paid out of my estate after it is wound up.

Thereunto I set my hand and seal this April 1, 1870

Jonathan Kidwell

BEANS

* * * *

One day in Madison County Kentucky, on a Saturday. My father asked Charlie and Sherman to plant some corn field beans before they went to town for the day.

The boys being just ten and twelve years old and it being a hot day went over to the field and planted some beans and by the time they played around and went to the spring to get water a dozen or so times it was getting late and they knew that their dad would go on to town and leave them.

So while over to the spring they decided to do something about the balance of the beans that they had left.And seeing a big rock they decided to lift the rock and hide the balance of the beans under it.Which they did.

Dad was really surprised when so few of the beans came through the ground and he could not figure why. One day in the summer while over to the spring to get a drink.He started to sit down on the big rock by the spring and then he saw the beans coming up all around the rock and he raised it to see where they were coming from,and then he knew what had happened to the beans.

So going home that evening he asked the boys what had happened to the beans.Being boys and knowing that they were caught,they lied anyway,and dad gave them both a good whipping.

This was told to me by Sherman Kidwell back in the sixties.

BIG TOE BITER

* * * *

When Ann Elizabeth Kidwell was a very young citizen of Henry County Kentucky in 1850, it seemed that every time that a certain Aunt and her children came for a visit Annie had to sleep at the foot of the bed. The Aunt was very tall and moved her feet about quite a bit in her sleep which annoyed any one who might have their face in the way.

On one of these occasions after having lost her sleep for several nights, Annie grew tired of rubbing nose with toes and as the big toe raked across her nose she clamped down hard.

With a yell the Aunt jumped out of the bed holding her bleeding toe Annie later regreted having bitten so hard when the Aunt saved her from a whipping by declaring that she knew the dear child was asleep or she never would have bitten her loving aunt's toe.

SALT WATER MACKEREL

William Finley Boyd known as "Bill" Boyd lived near Sulpher Kentucky and was very fond of salt water mackerel and while bringing some home one day he met a friend with a full jug and by the time the two parted the jug was much lighter and the salt water mackerel had been stowed in Bills coat pocket. After climbing a steep hill and several fences on the way to his home Bill succumbed to the lure of a shade tree in a pasture before resuming his homeward journey.

He was awakened some time later by a cow that must have had a hankering for a lick of salt for she had chewed away the tail of his coat in trying to get to the mackerel that was in his coat pocket.

Even though a good coat had been ruined and the fish were lost Bill was was thankful for being very slender in build,he soliloquized thusly: " If I hadn't been turned sideways to the cow she might have swallowed me"

These stories were told to me by Beatrice Boyd Martin on November 11, 1979

* * * *

On the 21st. day of March Mildred Kidwell, my wife and I decided to go to the farm of her daughter Joyce Conrad,and while there Ronnie and I decided to clean the barn manure out.Which was on Saturday the 22nd. of March 1980.

Elaine Conrad,his daughter who is 15 years old decided to do some riding on a colt that she is breaking and which she is doing a good job on. she rode the colt most of the morning.

About one o:clock in the evening we ask her to bring us a drink. She went to the house and got some Kool-Aid and came back with it,after we had a drink of it and she was talking about her horse and she was asking me about what else she could teach the horse, I told her to teach the horse the word "whoa",without the bridle being pulled,she told me the horse knew that word.

When we had finished drinking she decided to ride the horse to the barn yard without a bridle and her father told her not to do it.But she insisted and finally I helped her get on the horse and had started back in the barn when I heard her say "whoa" to the horse and then I saw that she was in trouble.The horse didn't stop at the gate,she turned and came back toward the barn,she ran up to the door of the barn and then she got faster and went back to the gate and by this time she was really running with her neck out and her ears back.By the time she made her third circle Elaine was hanging on for dear life,and on the fourth circle the horse started to buck and Elaine was holding the horses mane with one hand and holding the container she had brought us the Kool-Aid in with the other.At the fifth circle I tried to catch the horses bridle but missed it and the horse ran close to the barn and had to slow down and when she started out again, Elaines father yelled for her to jump off, which she did ,and sat down in the barn yard and laughed herself silly.Ronnie had run to the gate to close it so the horse couldn't get into the field and run away with Elaine on her back.
